Instructions on backside of form

## INSTRUCTIONS

File three copies of this form with the State Geologist. In submitting the form for approval prepare a sufficient number of copies to provide for the needs of your organization.

An organization report must be on file in the office of the State Geologist or accompany the application.

A bond must be on file in the office of the State Geologist or accompany the application. Bond shall be by an acceptable corporate surety authorized to do business in Iowa.

An accurate plat, map, or sketch prepared by a competent surveyor or engineer must be attached to this application. The plat shall be drawn neatly and to scale. Show distance from the two nearest lease and section lines and from the nearest wells on the same lease completed or drilling.

An elevation above sea level datum determined by a competent surveyor or engineer shall appear on the application at the time it is submitted or shall be filed in the office of the State Geologist not more than 10 days after the well is spudded.

The permit fee in the amount of \$50.00 made payable to the Iowa Department of Natural Resources must accompany the application.

"Operator" shall mean any person who, duly authorized, is in charge of the development of a lease or the operation of a producing well.

Send completed form(s) to:

State Geologist
